Approving Body	Trust Board
Author	James Roach
Scheduled Review	Triennial
Date of Policy	March 2019
Next review	March 2022

Every school in the Inclusive Multi Academy Trust is unique and their curriculums reflect this. Each school is encouraged to be fluid in the design of their curriculum, and we trust our schools to deliver a curriculum that is bespoke but are underpinned by the same guiding principles and follow our vision of *'Inspiring and nurturing our children and their community to be the very best that they can be.'*

The Inclusive Multi Academy Trust schools are responsible for delivering a curriculum that:

- puts children at the centre and is connected to their interests.
- is based around the needs of the school community.
- is underpinned by the principles of nurture and the 5 ways to wellbeing.
- is fun and exciting.
- offers relevant opportunities and meaningful challenges.
- promotes questioning and creative exploration.
- looks forward and provides opportunity to thrive in a changing world.
- utilises technology in a safe and positive way.
- helps to protect children and teaches them to recognise danger.
- supports physical and mental health.
- promotes global education.
- develop pupil's spiritual, moral, social and cultural awareness.
- recognises the British values of democracy, rule of law, individual liberty and mutual respect and tolerance of those with different faiths and beliefs.

Through a personalised approach the curriculums of our trust schools are broad and exciting, provision is full and effective and we aim for the outcomes of pupils to be exceptional, both academic and socially.

5 ways to wellbeing

Connect... with the people around you. With family, friends, colleagues and neighbours. At home, work, school or in your local community. Think of these as the cornerstones of your life and invest time in developing them. Building these connections will support and enrich you every day.

Be active... Swap your inactive pursuits with active ones. Go for a walk. Step outside. Cycle. Play a game. Garden. Dance. Walk or cycle when making short journeys. Being active makes you feel good. Most importantly, discover a physical activity you enjoy and that suits your level of mobility and fitness.

Take notice... Be curious. Catch sight of the beautiful. Remark on the unusual. Notice the changing seasons. Savour the moment, whether you are walking to work, eating lunch or talking to friends. Be aware of the world around you and what you are feeling. Reflecting on your experiences will help you appreciate what matters to you.

Keep learning... Try something new. Rediscover an old interest. Sign up for that course. Take on a different responsibility at work. Fix a bike. Learn to play an instrument or how to cook your favourite food. Set a challenge you will enjoy achieving. Learning new things will make you more confident as well as being fun.

Give... Do something nice for a friend, or a stranger. Thank someone. Smile. Volunteer your time. Join a community group. Look out, as well as in. Seeing yourself, and your happiness, linked to the wider community can be incredibly rewarding and creates connections with the people around you.
